

In reponse to the FEC inquiry regarding the 2008 July Quarterly report filed by Friends of Glenn Thompson, I have made the following corrections to the report and to our reporting practices:

1. The report has been amended to include any missing Occupations and Employers.
2. The report has been amended to include the \$2,000 contribution from Friends of John Peterson, previously accidently omitted.
3. Because our campaign was very limited until the last 2 weeks before the primary, we were unprepared for the sudden influx of contributions. We have since hired an experienced campaign manager who has reformed our filing, reporting, and solicitation practices to conform with FEC regulations, including that of employer/occupation filing and the filing of 48 hour notices.
4. All of our contribution solicitations now obtain occupation and employers from contributors since we have reformed our process, by sending an appropriate card with solicitations, and following up with donors who do not immediately give the information.

Sincerely,  
Katherine Bobeck  
Treasurer  
Friends of Glenn Thompson
